

COTTONWOOD HEIGHTS HISTORIC COMMITTEE MINUTES MARCH 14, 2018

5:30 P.M.HELD AT CITY HALL

MEMBERS PRESENT: Carol Woodside, Max Evans, Sylvia Orton, Gayle Conger, Allen Erekson

MEMBERS EXCUSED: Jerri Harwell, Melinda Hortin, Jim Kichas, Don Antczak

OTHERS PRESENT: Tali Bruce, City Council Liaison

Max Evans welcomed the committee members and asked Tali Bruce to report on the happenings of the City Council.

Ms. Bruce provided the following updates: the recently held John Curtis' Town Hall, a new cell phone ordinance recently passed in the Legislature, spraying for mosquitoes, an ADU ordinance now before the Council, the Canyon Center development at the mouth of the canyon, and plans for the gravel pit.

The City is beginning work on the new roundabout at 2300 East and Bengal Blvd. Asked if it would necessitate the removal of any of the homes in the area, the answer was that it would take the little white house across from City Hall. We advise her that it was one of the homes on our Intensive Level Survey that qualifies for the National Registry of Historic Places.

Ms. Bruce is also still working on gathering information on restoring The Old Mill. She was excused to attend another meeting.

Max Evans reported that the Book Committee was just a little behind but hoped to catch up in the coming week. There is still much to accomplish before the book can be sent to be printed. We are applying for a ZAP grant to help with the cost of the book.

Gayle Conger reported that there are a little more than 100 maps and photos to be placed in the book.

Carol Woodside has been working on gathering the permission slips and is nearly finished with the project.

Mr. Evans and Ms. Conger received an invitation from the Department of Transportation to become a Section 106 Consulting Party. The committee agreed to accept the invitation. Ms. Conger was asked to attend any meeting with the group.

As there was no further business, the meeting was adjourned at 6:15 P.M.
